

WAGG Coin Whitepaper

Version 1.0 – 2025

Introduction

WAGG is a community-driven meme token designed to merge good vibes with the power of crypto. Inspired by the wagging tail of a happy dog, WAGG embodies fun, positivity, and togetherness. While most meme coins live and die on hype alone, WAGG aims to build a long-lasting community where every member has a stake in the future.

Vision

The vision of WAGG is simple: • To create a global fan-driven community united by humor, creativity, and financial opportunity.

- To prove that meme tokens can be more than speculative hype — they can be cultural movements powered by people.
- To grow WAGG into a recognizable brand in the crypto world and beyond.

Mission

1. Accessibility – make it simple for anyone, anywhere, to become a holder of WAGG.
2. Community First – prioritize the interests and voice of our holders.
3. Entertainment + Utility – start with fun, memes, and engagement, then expand into real-world and Web3 use cases (NFTs, fan platforms, games, etc.).

Tokenomics

Name	WAGG
Blockchain	Binance Smart Chain (BEP-20)

Global marketing push

Security & Transparency

- Smart contract verified on BscScan.
- Liquidity pool partially locked to ensure stability.
- Team tokens locked with vesting schedule.
- Community governance for major decisions.

Conclusion

WAGG is more than a token – it is a cultural experiment. It begins as a meme, grows into a movement, and evolves into a community-driven ecosystem. By joining WAGG, you're not just buying a coin; you're becoming part of a fan-powered project that wags its way into the future.

WAGG – Wagging into the future.
